A well dressed student is the pride of the school. When you send your ward to school, kindly ensure that your ward wears a neat hair cut, well-polished shoes and well-ironed uniform to school every day. Boys must not taper, tighten or shorten the trousers. It is the responsibility of the parents to teach the value of obedience to rules. Your cooperation is highly appreciated.

We are going for a 'light bag policy' from this year. Lockers are provided for every student in the classroom from class I to X. Children donot want to go through the difficulty of arranging their books according to the timetable everyday. So they bring all the books to school. Parents must ensure that they bring books and notebooks according to the timetable or instructions given by the teachers.

Looking forward to a fruitful journey as we carve the future of the nation.

Regards
Principal
